**Subject:** EMC Communities session materials

EMC Colleagues –

I've received "homework" assignments for the communities session from about half the regions and two of the programs so far, and wanted to share those with you now. In their "homework", the regions are sharing the names of up to 8 communities they are considering selecting, and the programs are sharing a list of resources which may be useful to these communities as well as a list of communities where investments have recently been made but work has not yet started or is still underway.

If you haven't yet submitted your materials, pls try to send them in as soon as possible so others have a chance to review them before the EMC. I will send out a complete set as soon as I have one.

Meeting materials for all of the other sessions are now available on the EMC SharePoint site, and I will post these there as well soon.

Thanks!  
Shannon

**Subject:** Here are the submissions we have so far...

Please cc or bcc us and Peter Murchie when you send it out.

Let me know if you need anything else for this note.

Also, it occurs to me that OGC was not in the DAA meeting and never got the homework

assignment. How do you think we might handle that?
